## Make Ideas Reality

[pmichicagoland.org](http://pmichicagoland.org)

Strategy, innovation and implementation are fundamental to achieving positive business results. As your organization seeks to grow, improve or compete more successfully, project management expertise guides these efforts.

The **PMI® Chicagoland Chapter** helps businesses leverage change management and transformational initiatives to build and expand strategic organizational objectives.

As one of the largest PMI chapters in the world with over 4,000 members, we connect businesses to an extensive network of project management professionals representing every major industry.
